# TESTIMONIALS

“Hiam was engaged to speak at DevX Week, part of a virtual development expo that focused on the skill of learning how to develop yourself. The theme of the week was a focus on authentic development goals.

From the initial briefing, it was clear that Hiam was the perfect fit - inspirational, humble, motivating, and happy to share her top five mistakes in recognition that we all learn from failing. Hiam displayed the perfect balance of understanding of the brief and the audience, whilst being authentic to herself.”

## Adam Miles

Capability Manager (Former), Commonwealth Bank of Australia

“I was privileged to have Hiam speak to students of HSO Business School in Switzerland on several occasions on HR best practices. Hiam's talks about employee retention, talent management and staff development were extremely refreshing with lots of interesting new perspectives for the final year students. The continued relationship we have had for over 15 years where we regularly share and discuss ideas and look for opportunities to collaborate are truly inspiring. I highly respect Hiam's enthusiasm and commitment and her sense to focus on the "big picture“.”
